PhoneSuite Touch Screen Console (TSC)

Designed Exclusively for The Hotel Industry

Hotel Communication Systems

Whether you own your hotel or manage one you know that your success is measured by your guest returning — so how do you increase your customer satisfaction and keep your guest coming back?

Have the best resources at your fingertips!

One Touch. One Screen. Easy Access.

Touch Screens are becoming one of the most efficient interactive user interfaces today offering **reliable, cost-effective** solutions for business. PhoneSuite is proud to be the first to design a Touch Screen Phone Console exclusively for the hospitality industry—while still offering the **integrated features** that make PhoneSuite unique.

How it Works

With a simple touch of the screen, front desk staff can **quickly and efficiently** set check in/out times, wake up calls, voice mail, credit limits and transfer calls — instantly bringing up crucial information while efficiently **improving customer service.**

In just minutes, employees can be trained to use this visual touch screen — and its sleek style will provide a touch of elegance to any front desk.

About PhoneSuite

PhoneSuite — a market leader in telephone technology for more than 20 years— is dedicated to bringing innovative and cost-effective telephony products to the hotel industry. With over 2000 units installed throughout the United States and Canada we are proud that our products are environmentally friendly and made in the USA.

To locate a dealer near you or learn more about PhoneSuite call us at **800.245.9933** or visit our website at **www.phonesuite.com**.

Advantages of the Touch Screen Console

- Improve customer service — eliminate errors with real-time efficient data entry.

- Access and view guest information from one screen-interfaces with your PMS software.

- Handle calls professionally—greet your guest by name with on-screen display.

- Eliminate printed status reports—view key billing information on screen.

- Reduce transaction times—simple touch of the screen.

- Easy to train—only valid options are presented to your staff.

- Space saving compact design—no need for mouse, key pad, or bulky console.
